# IMPACT REPORT

***MAY-JUNE 2022***

# Business

Your CBP Membership is already providing support to our local community as we were able to invite

*12 Burnley College Business Students*

to attend the event, which they found incredibly

*inspirational & valuable*

In May, our inaugural Your Business Bootcamp event was held at Turf Moor...

147 businesses registered

16 brilliant exhibitors

9 inspiring speakers

all contributed to this hugely successful event!

The event also launched our exclusive CBP Membership, with our 10 founding members in attendance plus new members signing up on the day!

## Our Donation Heroes

MACS Academy UK and Northern  
Eco Installations have been to visit  
SAMS this week and donated over

**£800 worth of food**

This food will go towards supporting  
our food projects. These donations  
are invaluable as we will top up the  
daily free food that we give out to  
the community when we don't collect  
as much from our usual suppliers.

MACS Academy UK also contacted  
us to see if it is something they can  
do for us at least once a month!

*We are overwhelmed by the support  
of the two companies and will look  
forward to supporting them in  
return soon!*

# Environment

As a CBP Member, you support us in ensuring our local environment is protected from waste and scrap materials.

## £17,000

worth of homeware,  
including blankets, duvets,  
rugs, curtains and pillows  
was donated to us

We will be utilising our  
network to donate these  
items to local organisations  
who support refugees and  
homelessness

We have a new supplier to SAMS, Mike at Stress Free Print who will be donating card and paper related resources. This will be a regular donation and they have said they will start to get a 'SAMS van load' ready for us soon! This will help support 100s of children at local schools who use SAMS every day for their creative resources.

## THANK YOU

to Darren at  
Evolution Solutions  
for the donation  
of these cable reels  
that would have  
gone to waste!

Check out the fabulous things they  
are made in to, including garden  
tables and children's learning aids!

# Skills

Your membership allows us to provide individuals with volunteering opportunities, which helps to develop their skills and protect them from isolation.

We celebrated our brilliant volunteers in June. Our volunteers are at the heart of our business, supporting us every day through both our business and community services.

Each of our volunteers received a certificate and box of chocolates to say thank you for all their hard work!

# SUCCESS STORY

In May, we received a call asking for our help, to support someone who literally had nothing, only a room.

No bed, no sofa, no cooker or microwave and no clothes...

The team scurried around the building collating everything we could find which would be suitable for him. We got together some clothes, towels and of course FOOD.

The person who originally called us, has been back to us twice since the first donation, showing us a picture of the man in the clothes we gave him and the big smile on his face (his way of saying thank you!) We have been able to give him more food, drinks and pillows and will continue to help him and many others in any way we can.

*We are all*

# MAD

*Making a Difference*

*thank you for helping us  
make that difference and  
being part of our
